

# Operation Convergent Response Application

Thanks for your interest in participating at Operation Convergent Response. To apply, please complete all required fields on this form.

## How to fill out the form:

### Through a web browser

Recommended if you have the latest version of Google Chrome and Adobe Acrobat.

1. Complete all fields.
2. Click on the "Submit" button at the bottom of the form.
3. Choose your Email application.
4. The email address will auto-populate with the correct address:

[ocr-tech-assessment@verizon.com](mailto:ocr-tech-assessment@verizon.com) however, you may need to save the PDF form and attach the saved PDF to your email.

5. Send the email.

### Through your PC

1. You may choose to Save the PDF to your desktop by clicking on the Download icon within Acrobat Reader.
2. Complete all fields.
3. Create a new message in your email application.
4. Attach the completed PDF form.
5. Send the email to [ocr-tech-assessment@verizon.com](mailto:ocr-tech-assessment@verizon.com).

**Please do not include any confidential or proprietary information in your responses.**

\*denotes a required field.

First name:\*

Last name:\*

Email:\*

Phone:\*

Organization:\*

Company Address:\*

Number of Locations:

Rank/Job Title:\*

How did you hear about our program?\*

Other:

Have you already spoken with a Verizon point of contact about participating in our program?

Yes

No

If yes, please identify POC and provide a summary of your discussion:

What is the nature of the solution you would like to demonstrate at OCR?

Technology (e.g., device, software, etc.)

Tactical (e.g., equipment, vehicle, etc.)

Service (e.g., personnel, network, etc.)

Other:

What differentiates your solution from your competitors? \*

How does your solution help Verizon differentiate itself from its competitors? \*

What is your product portfolio in relation to solving challenges in a rugged or austere environment?\*

Select your company's lifecycle stage:

Tell us more about your company (e.g., number of employees, locations, customer types):

Your company's website address:

Who is the target market for your solution?

Federal

State

Local

Enterprise

SMB

Where can you sell your solution?

U.S.

EMEA

Latin America

Asia-Pacific

What solutions do you offer that provides a demonstrable, complex challenge solve for first responders (both private and public) in a rugged or austere environment? Please explain.\*
