With so many ways to connect, you’re ready.

One Talk – a mobile-first business solution

With One Talk, you can stay connected to customers whether you’re in the office or on the go. Are you ready?

One Talk lets you share a single number across multiple devices, including smartphones, desk phones, computers (PC or Mac®) and tablets. And as you move, One Talk helps you stay productive and responsive, since your calls move with you from device to device.

One Talk delivers many other options to suit your needs, including:

- **Smartphone Native Dialer**
  A simple way to connect mobile employees with the office, by adding One Talk to business-owned Verizon smartphones

- **Desk phones**
  Perfect for your office-based employees

- **Mobile App**
  For employees who have their own smartphones or tablets

- **Desktop App**
  Allows an employee to use a One Talk number directly from their PC or Mac, in either a stand-alone way or shared with other One Talk devices

- **Auto Receptionist**
  Helps ensure that customer calls get routed to employees who can answer

- **Hunt Group**
  Rings multiple people to find those who are available to answer a customer call
