

Make conferencing simple and productive.

BlueJeans Meetings can help you improve collaboration and control costs.

BlueJeans Meetings, available through Verizon, helps you schedule, join or host an audio, video or web conference quickly and easily. With just a click, you can use any supported browser* on most devices, virtually anywhere, to meet and collaborate with your team, partners or customers.

* Supported browsers include Google Chrome®, Mozilla Firefox®, Opera® and Apple Safari®

Collaborate in an interactive virtual workspace.

When you run BlueJeans Meetings on the nation's most reliable network,¹ its HD-quality video and crystal-clear audio make you feel like you're in the same room, even when you're thousands of miles away. When combined with the best connectivity, your audio, video and web communications via BlueJeans Meetings can work seamlessly and perform at the highest quality available. And it's easy to modernize meetings by collaborating with participants using screen sharing, remote desktop control, whiteboarding and chat.

BlueJeans Meetings is easy to use.

Start a BlueJeans meeting with one touch from many of your favorite devices—Apple® iOS and Mac®, Android®, and Microsoft® Windows®. Whether you're in the office or on the go, you can quickly host or join meetings through an intuitive desktop or mobile app. Or you can use any supported browser without downloading any software or plug-in.
