

Embrace the digital era with confidence.

ready

An evolving digital economy creates opportunities and risks.

29 B

29 billion connected devices are forecast by 2022.¹

Seventy percent of recent digital transformation initiatives did not reach their goals.²

Verizon keeps you cloud ready.

Infrastructure modernization is critical for governments to serve citizens and the workforce in the digital era. Local, state and federal government agencies are harnessing the power of the cloud to take full advantage of the digital transformation. Verizon helps create more secure, seamless and reliable connections with our global ecosystem of cloud service providers so you can move mission-critical workloads to the cloud.

Eighty percent of mission-critical workloads will be in the cloud by 2025.³

Verizon keeps you service ready.

The citizen experience is among the top drivers of digital transformation for government bodies. Embracing technology not only helps more effectively introduce and scale new services, it helps fulfill commitments to constituents. Let's work together to connect, protect and serve your citizens and workforce in the digital era.

Eighty percent of customers said the experience an organization provides is as important as its products and services.⁴

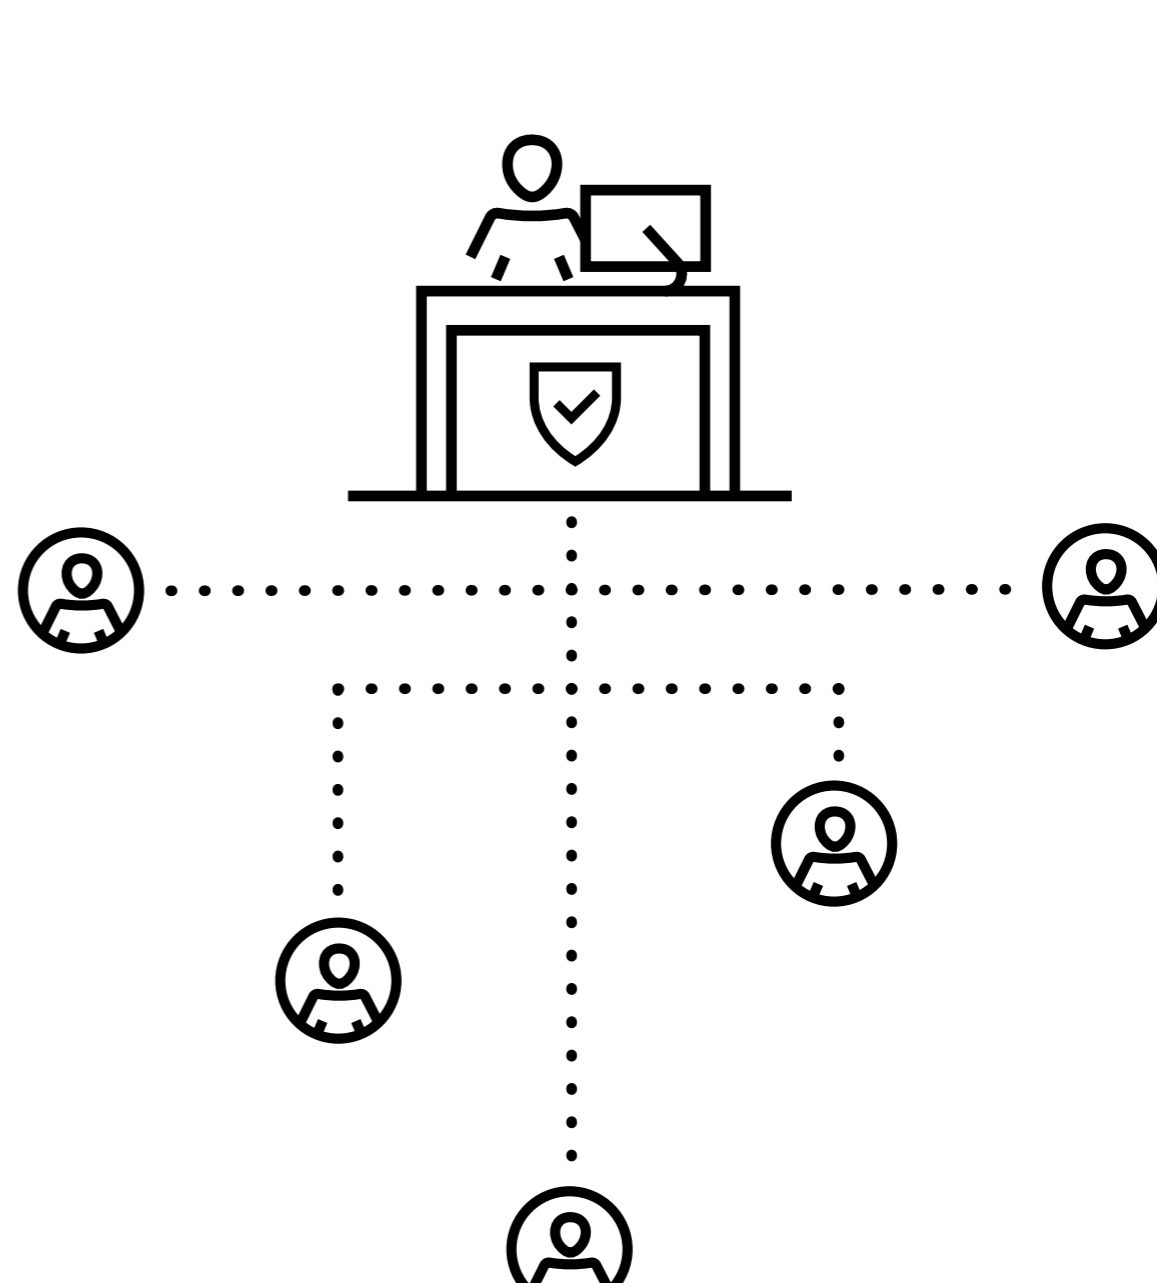

Sixty-seven percent of customers said their standards for good experiences are higher than ever.⁴

Verizon keeps you threat ready.

As agencies move toward delivering services how, when and where citizens and workers want to access them, security threats and vulnerabilities inevitably increase. Verizon is here with intelligent networks and security platforms that help find and eliminate security threats so you can continue your transformation journey with confidence.

In 2005, there were 136 data breaches reported.⁵ By 2018, Verizon analyzed 41,686 security incidents, of which 2,013 were confirmed data breaches spanning 86 countries.⁶

Verizon can propel your digital transformation and help you get the most out of your connectivity, mobility and security solutions.

Time to be ready.

Verizon can help you serve your citizens.
