

# Verizon Connect

## Overview

Solution brief

Verizon Connect is a leading global provider of mobile workforce software-as-a-service (SaaS) solutions. Our solutions help businesses meet the challenges associated with managing local fleets and mobile workforces.

---

### Target customers

Verizon Connect is ideal for any business that can benefit from having visibility into vehicle location, fuel usage, speed, mileage and driver behavior. Verizon Connect has solutions for all industries with fleets sized from 1 to 999 vehicles.

---

### Benefits

- **Help reduce operational costs**—We'll translate your vehicle performance data from the metrics dashboard into operational costs, making it easier to deliver ROI savings.

- **Revamp scheduling**—Our Live Map feature shows where vehicles are in near real time, letting you be more efficient with your facility's routing and scheduling.
- **Get near real-time intelligence**—Make better decisions with real-time alerts on driver activity like idling, harsh driving, late start and more.
- **Help improve vehicle compliance**—We can help you automate logs and help minimize violations by sending alerts to your drivers and dispatchers as drivers approach their hour limits, helping you stay in compliance with electronic log requirements for hours of service (HOS).
