

Cisco Jabber

How Do I Adjust Chat Alerts in Jabber?

Adjust alerts by following these steps:

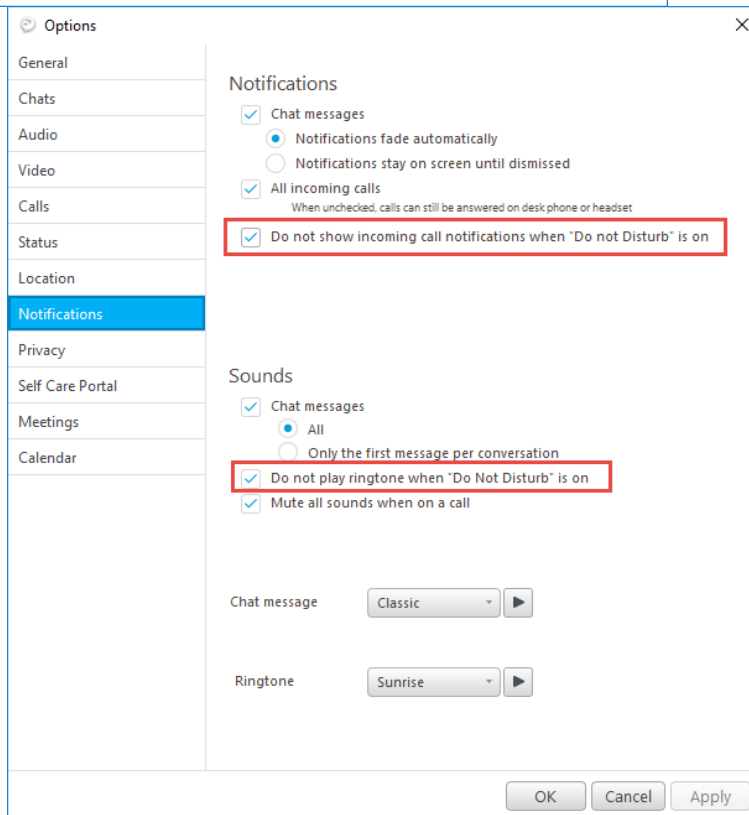

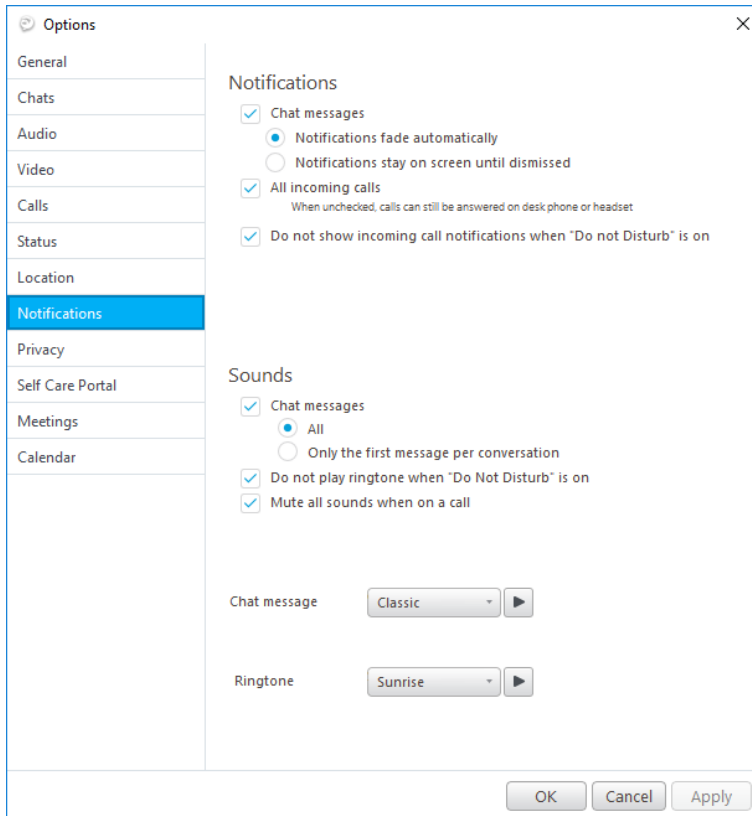

1. In your Jabber Window, click the **gear icon**, and select **File > Options**.

2. In the Options window, click **Notifications**.

Note: Older versions of Jabber will be listed as **Sounds and Alerts**.

3. Make the appropriate adjustments in this section.

Older versions of Jabber will be in **Sounds and Alerts**.
