

Cisco Jabber

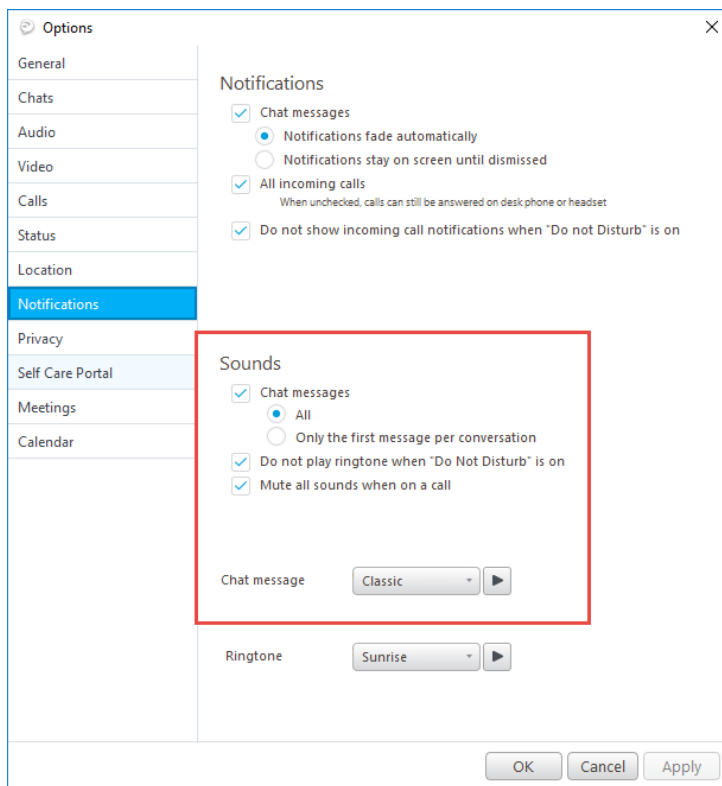

How Do I Change Jabber Chat Sound Notifications?

It takes just a few minutes to change your chat notification sounds.

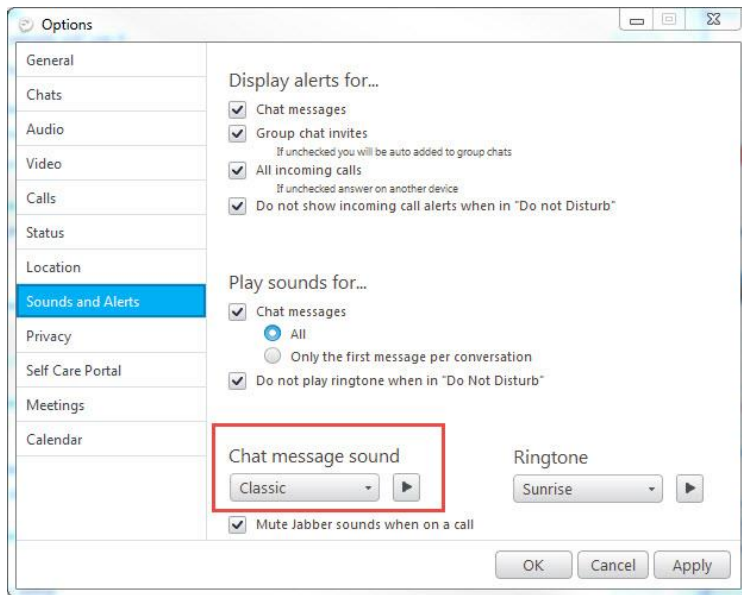

1. In your Jabber Window, click on the **gear icon**.
2. Select **File** then **Options**.

3. Under **Notifications** select the Chat message sound you would like for notifications. Hit the **Play button**  to hear the sample.

Note: Some older versions of Jabber will be **Sounds and Alerts**.

4. Click **OK** when done.
