

Cisco Jabber

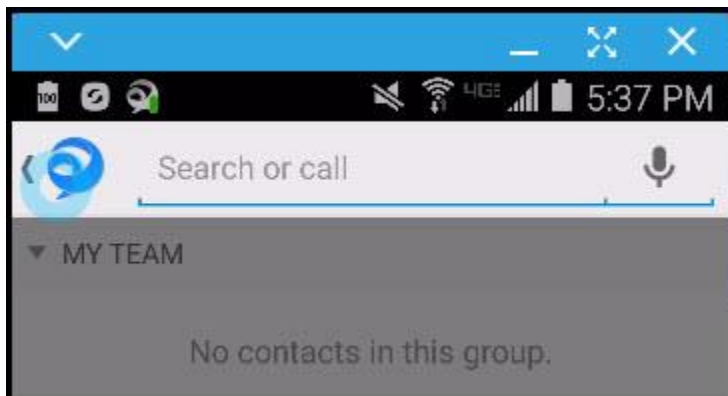

How Do I Find Contacts and Chat in Jabber Mobile for Android?

Follow the steps below to learn how to find contacts and chat in Jabber Mobile for Android.

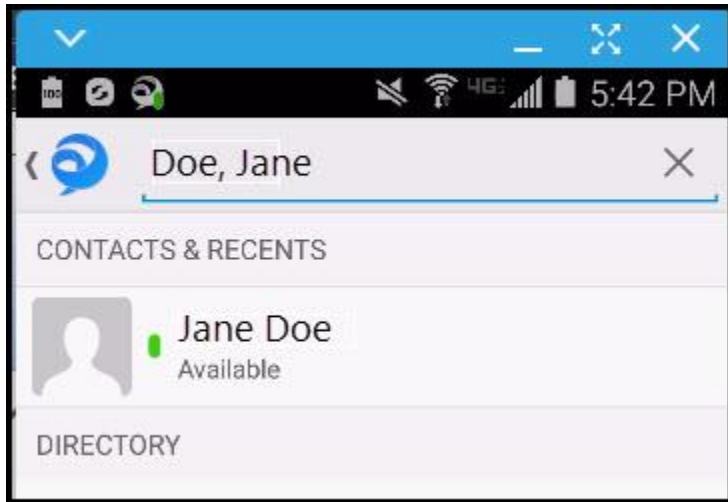

1. Click the **magnifying glass icon** at top corner.

2. Search by **name** or **email address** in the search field.

3. Once the contact is found in the directory, click the **contact name**.

4. You will now be in the chat message screen, enter message here and send a message to your contact.
